2. Rezoning Action: Consider Second Reading

| | |
|---------------------------|-------------------------------|
| Case # | 25-20 |
| Tax Map # | 664-00-00-058 |
| Zoning Request: | Rezone from UD to ID |
| Acres: | 4.07 |
| Council District: | 5 - Cox |
| Applicant: | OSI Corporate Blvd LLC |
| Owner: | OSI Corporate Blvd LLC |
| Location: | 450 Corporate Blvd, Rock Hill |
| Planning Commission Date: | June 9, 2025 |
| Staff Recommendation: | Approve |
| PC Recommendation: | Approve (4-0) |

Executive Summary: The purpose of the proposed change is to expand the allowed uses to include trucking operations, as well as vehicle service, repair, and customization with overnight outdoor storage. The request to rezone from UD to LI is consistent with the future land use designation of *Municipal Infill* as it also aligns with the City of Rock Hill's future land use map. A staff report and analysis with findings has been performed.

| | |
|-----------------|--|
| Case # | 25-21 |
| Tax Map # | 055-00-00-007; -010; -020 |
| Zoning Request: | Rezone from AGC to RUD and from RUD to AGC |
| Acres: | 1.112-acre portion of three parcels |

Council District: 3 - Adkins
 Applicant: Peggy Russell Boloyan
 Owner: Russell Family Irrevocable Trust
 Location: Highway 97, Hickory Grove
 Planning Commission Date: June 9, 2025
 Staff Recommendation: Approve
 PC Recommendation: Approve (4-0)

Executive Summary: The purpose of the proposed change is to allow the recombination of portions of three parcels that are within two different zoning districts. The Future Land Use map has little to no bearing on this action, as the scope of the request is to simply transfer land, resulting in no change to the land area of each district. A staff report and analysis with findings has been performed.

4. Rezoning Action: Consider Second Reading
 Case # 25-23
 Tax Map # 265-00-00-103
 Zoning Request: Rezone from AGC to RUD
 Acres: 1-0 acre portion of a 6.62-acre parcel
 Council District: 3 - Adkins
 Applicant: Ronald Neuman
 Owner: Ronald Neuman
 Location: 66 Maynard Grayson Road, Clover
 Planning Commission Date: June 9, 2025
 Staff Recommendation: Approve
 PC Recommendation: Approve (4-0)

Executive Summary: The purpose of the proposed change is to create a one-acre parcel and construct a single family home. The request does not align with the Future Land Use Map designation of *Agriculture*. However, there is a significant swath of land that surrounds the subject parcel where the recommended future land use designation is *Rural Residential*. There are parcels on the south side of Highway 55 that are zoned RUD. A staff report and analysis with findings has been performed.

5. Rezoning Action: Consider Second Reading

| | |
|---------------------------|--|
| Case # | 25-27 |
| Tax Map # | 658-00-00-051; -050 |
| Zoning Request: | Rezone from RSF-30 to RMX-10 |
| Acres: | 24,000 SF |
| Council District: | 1 - Audette |
| Applicant: | Carolina Star Investments |
| Owner: | Pansy Blackwell |
| Location: | 133 Sutton Road S and 1802 Brian Kelly Lane, Fort Mill |
| Planning Commission Date: | June 9, 2025 |
| Staff Recommendation: | Approve |
| PC Recommendation: | Approve (4-0) |

Executive Summary: The purpose of the proposed change is to reconfigure the lot lines between the two properties. The parcel realignment will result in the demolition and reconstruction of one home and an addition to the other. The request does not align with the Future Land Use Map designation of *Single Family Residential*. However, the current size of the parcels does not conform to the RSF-30 minimum lot size. The result will not change the existing land uses or number of dwelling units. A staff report and analysis with findings has been performed.

The Planning Commission's motion to recommend approval included the request that County Council consider adding the condition that the applicant voluntarily record a deed restriction that limits the use of the parcels to single-family detached homes, thus prohibiting the construction of duplexes, triplexes, or quadplexes.

Staff finds the Commission's request to consider a deed restriction is unnecessary in this case. Considering deed restrictions should be reserved only for niche cases to protect neighboring property interests from development impacts.

Case # 25-28
Tax Map # 543-00-00-003; -006
Zoning Request: Rezone from UD to GC
Acres: 3.9 acres
Council District: 6 - Huckabee
Applicant: Tim Helline
Owner: LJN Investments LLC
Location: 158, 110. 130 Hands Mill Hwy, Rock Hill
Planning Commission Date: June 9, 2025
Staff Recommendation: Approve
PC Recommendation: Approve (4-0)

Executive Summary: The purpose of the proposed change is to combine the three parcels and construct a gasoline station and convenience store. The request aligns with the Future Land Use Map designation of *Neighborhood Residential* within a *Community Center* node. A staff report and analysis with findings has been performed.

Public Hearing(s)

1. Rezoning Action: Hold a Public Hearing and Consider First Reading
Case # 25-24
Tax Map # 595-00-00-135
Zoning Request: Rezone from ID to GC
Acres: 7.2
Council District: 4 - Roddey
Applicant: Patrick Traynor
Owner: Aberman Family, LLC
Location: 1365 West Main Street, Rock Hill
Planning Commission Date: July 14, 2025
Staff Recommendation: Approve
PC Recommendation: Approve (6-0)

Executive Summary: The purpose of the proposed change is to develop the site with a self-storage facility with space for boat and RV storage. The request to rezone from ID to GC is not consistent with the future land use designation of *Municipal Infill* as it does not align with the City of Rock Hill's future land use recommendation of *Neighborhood Residential*. However, the requested GC zone is much less intense than the present ID district and allows the use of the property to better serve the nearby residences. Also, there is a strong presence of light industrial and commercial uses and zoning districts along this stretch of W. Main Street. A staff report and analysis with findings has been performed.

(6:21pm) Thomas Newlin, Long Range Planner, provided an overview of the proposed rezoning.

(6:23pm) There being no one interested in speaking for or against the proposed ordinance, a motion was made to close the public hearing.

| PC Recommendation: | Approve (6-0) |

Executive Summary: The purpose of the proposed change is to develop the site as an event venue. The request to rezone from RMX-10 to RUD is not consistent with the future land use designation of *Neighborhood Residential*. However, there are two parcels across Dobys Bridge Road zoned RUD. Additionally, there are other non-residential uses in the general vicinity and the development would remove two residential curb cuts from Dobys Bridge Road. A staff report and analysis with findings has been performed.

(6:24pm) Thomas Newlin, Long Range Planner, provided an overview of the proposed rezoning.

The following individuals spoke in favor of the proposed ordinance:

(6:27pm) Brandon (last name unknown) addressed the Council on behalf of the Kellogg family and expressed his support for the proposed rezoning.

(6:28pm) Kris Kellogg, property owner, addressed the Council regarding his support for the proposed rezoning.

| PC Recommendation: | Approve (6-0) |

Executive Summary: The purpose of the proposed change is to utilize the existing

building for a Support Operations Center that will include business support, business services, offices, dispatch, and material and equipment storage. The request to rezone from AGC and OI to ID is consistent with the future land use designation of *I-77 Corridor Employment*. A staff report and analysis with findings has been performed.

The Planning Commission's motion to recommend approval included the request that County Council consider adding the condition that the applicant voluntarily record a deed restriction that limits the types of ID uses permitted on the parcels.

Staff finds the Commission's request to consider a deed restriction is unnecessary in this case. Considering deed restrictions should be reserved only for niche cases to protect neighboring property interests from development impacts. This large parcel is isolated from any existing development and includes significant tree cover, so the site is almost entirely obscured from public view.

(6:35) Thomas Newlin, Long Range Planner, provided an overview of the proposed rezoning.

The following individuals spoke in favor of the proposed ordinance:

(6:36pm) Jimmy Sprouse, 231 College Avenue, Rock Hill, South Carolina, President of York County Natural Gas Authority, addressed Council regarding his support for the proposed rezoning.

Executive Summary: The purpose of the proposed change is to allow a manufactured home. The request to rezone from RSF-40 to RUD is not consistent with the future land use designation of *Single Family Residential*. However, many of the nearby properties along York Highway are zoned RUD. The requested district is compatible with the mostly vacant neighboring large-lot subdivision, Windsor Woods. - Council to consider Third Reading of an ordinance to amend Chapter 155: Zoning Code, Subchapter B: *Zoning Districts*, to convert Agricultural Conservation-I (AGC-I) and Rural Development-I (RUD-I) to legacy district status, thereby prohibiting the expansion of

existing districts and the creation of new such districts; to amend Subchapter C: *Use Regulations* to allow certain additional special exception uses in the Agricultural Conservation (AGC) and Rural Development (RUD) districts; to provide for a public hearing; and to provide for other matters relating thereto.

Executive Summary: The draft amendment converts AGC-I and RUD-I to legacy districts. The County currently has one other legacy district: Urban Development (UD). This essentially “retires” a zoning district. All properties currently zoned for those districts would remain in them, unless and until rezoned to a different district in the future. All applicable uses and standards for those districts are proposed to remain the same. The districts would no longer be an option to rezone into from another district. The draft amendment adds assisted living as a special exception to AGC and also proposes to add hunting clubs, landscape supply, both types of craft breweries, and solar farms to RUD as special exception uses.

2. Council to consider Third Reading of an ordinance to amend Chapter 154: Land Development Code, Subchapter A: *Introduction* to modify the family exemption land division; to amend Chapter 155: Zoning Code, Subchapter B: *Zoning Districts*, to revise the minimum lot width on arterial roads in certain zoning districts and to revise the setbacks in the AGC and AGC-I districts; to amend Subchapter C: *Use Regulations* to revise the accessory use conditions for shipping containers; to provide for a public hearing; and to provide for other matters relating thereto.

Executive Summary: The draft amendment substantially revises the family exemption to broaden eligibility by eliminating a minimum parent parcel size and halving the years of ownership required, cap the number of exempted parcels that can be divided, and ensuring that the residual parcel still meets the minimum district size. The changes also allow the grantee parcel to be as small as one acre, regardless of zoning district.

The amendment revises the arterial lot width in the rural and residential districts, from the outlier 350 feet, to align with the 150 feet lot width required for major collectors and arterial lots in non-residential districts. The amendment revises the front yard setback in AGC to 50 feet, instead of 100 feet.

The amendment also significantly expands the applicability of shipping containers as a conditional accessory use. The changes allow shipping containers on any lot of 1.5 acres or

greater, and allows up to 10 total containers on a lot, based on a sliding scale of the lot's size.
