3. Rezoning Action: Consider Third Reading

Case #	25-37
Tax Map #	672-00-00-063
Zoning Request:	Rezone from UD to RSF-30
Acres:	0.61
Council District:	4 - Roddey
Applicant:	Mark Lindsey
Owner:	Mark Lindsey
Location:	Porter Road, Rock Hill
Planning Commission Date:	September 8, 2025
Staff Recommendation:	Approve
PC Recommendation:	Approve (6-0)

Executive Summary: The purpose of the request is to allow for the combination of the subject parcel with the adjacent parcel (tax map number 672-053). The rezoning request is not consistent with the Future Land Use Map and Comprehensive Plan. However, both the neighboring properties, and others along Porter Road are zoned RSF-30, or otherwise residential in use and character. A staff report and analysis with findings has been performed.

Since the result of this rezoning will create a parcel with a non-conforming lot size, staff recommends the following condition as part of this request (which was included with the motion to approve first reading):

1. The property must be recombined so that no parcel is less than the required 30,000 SF minimum lot size. An approved subdivision plat combining the subject parcel with the adjacent lot (tax map number 672-00-00-053) shall be recorded with the York County Register of Deeds within 90 days of the rezoning approval.

Executive Summary: Council approved first reading with the Planning Commission recommended conditions.

The purpose of the request is to amend the existing Newport Commons Planned Development to accommodate the development of a mixed-use center to include a variety of commercial and residential opportunities. This action will also amend the boundary of the existing PD by adding two parcels (TM 498-00-00-004 and 498-00-00-060) and removing one parcel (TM 498-00-00-003—proposed to be rezoned to GC). The 97-acre site consists of two separate Pods. Pod 1 will be approximately 35.1 acres, and contain commercial uses allowing up to 300,000 SF of commercial/retail uses and 95,000 SF of office space. Pod 2 will be approximately 61.9 acres, and contain a mixture of single-family detached and attached units, at a maximum of 4.0 dwelling units per acre (approximately 247 units).

The rezoning aligns with the Future Land Use Map and Comprehensive Plan. A staff report and analysis with findings has been performed.

Case # 25-26
Tax Map # 262-00-00-024
Zoning Request: Rezone from AGC and RUD
Acres: 2.87
Council District: 3 - Adkins
Applicant: Jay Cleveland Wilson
Owner: Jay Cleveland Wilson
Location: 1723 Beamguard Road, Clover
Planning Commission Date: October 13, 2025
Staff Recommendation: Approve
PC Recommendation: Approve (4-1)

Executive Summary: The purpose of the request to rezone is to subdivide the property and place a manufactured home on the new lot. The request to rezone from AGC to RUD is not consistent with the future land use designation of *Agriculture*. However, this property is currently non-conforming, as the lot size does not meet the 5-acre minimum required by the AGC district. Additionally, there are other properties along Beamguard Road that are currently zoned RUD, or are otherwise rural residential in character and scale, further supporting this request. A staff report and analysis with findings has been performed.

(7:39pm) Thomas Newlin, York County Long Range Planner, presented the rezoning information to Council.

(7:41pm) There being no one interested in speaking for or against the proposed rezoning a motion was made to close the public hearing.

 - Location: 1299 Schlumberger Road, Fort Mill
 - Planning Commission Date: July 14, 2025
 - Staff Recommendation: Approve
 - PC Recommendation: Approve (6-0)

Executive Summary: Note: The Planning Commission's motion to recommend approval of ID included the request that County Council consider adding the condition that the applicant voluntarily record a deed restriction that limits the types of uses permitted on the parcels. As an alternative, the applicant has voluntarily changed their request to the less intensive LI district. The staff report has been amended to reflect the change and Council readings restarted with first reading at the October 6 Council meeting. The change also necessitates a second public hearing.

The purpose of the proposed change is to utilize the existing building for a Support Operations Center that will include business support, business services, offices, dispatch, and material and equipment storage. The request to rezone from AGC and OI to LI is consistent with the future land use designation of *I-77 Corridor Employment*. A staff report and analysis with findings has been performed.

1. COUNCIL TO CONSIDER AMENDING AND SECOND READING OF AN ORDINANCE REVIEWING AND UPDATING THE PUBLIC EDUCATION FACILITIES IMPACT FEE ("IMPACT FEE") IMPOSED ON ALL NEW RESIDENTIAL DEVELOPMENT IN THE CLOVER SCHOOL DISTRICT NO. 2 PURSUANT TO YORK COUNTY ORDINANCE NO. 3020; TO REVISE THE ESTABLISHED IMPACT

FEE ON NEW RESIDENTIAL DEVELOPMENT FOR A SINGLE FAMILY DETACHED DWELLING UNIT TO \$15,035; TO REVISE THE ESTABLISHED IMPACT FEE FOR A MULTI-FAMILY DWELLING UNIT TO \$7,430; AND TO REVISE THE ESTABLISHED IMPACT FEE FOR A MANUFACTURED HOME UNIT TO \$9,842; TO AUTHORIZE A REVISED INTERGOVERNMENTAL AGREEMENT BETWEEN YORK COUNTY AND THE CLOVER SCHOOL DISTRICT NO. 2, DEFINING THE RESPECTIVE RIGHTS, RESPONSIBILITIES, AND OBLIGATIONS OF THE PARTIES REGARDING THE IMPACT FEE; TO PROVIDE FOR A PUBLIC HEARING; AND TO PROVIDE FOR OTHER MATTERS RELATED THERETO.

Executive Summary: The motion approved at First Reading revised the impact fees to \$7,000 for single family detached dwellings, with pro-rated amounts applied to multi-family dwellings (\$3,459), and manufactured homes (\$4,582). The draft ordinance has been revised to reflect that motion.

Based on the findings of the updated School Development Impact Fee Study and Capital Improvement Plan, dated August 4, 2025, prepared for the District and reviewed by the Planning Commission at its August 11, 2025 and September 8, 2025 meetings, by a vote of 5-1, the Planning Commission recommended revising the established impact fee on new residential development for a single family detached dwelling unit from \$4,000 to \$15,035, for a multi-family dwelling unit from \$1,976 to \$7,430, and for a manufactured home from \$2,618 to \$9,842.

Regarding the Planning Commission's concern about the manufactured home impact fee: it is, in practical terms, a discounted fee. Without analyzing student generation and establishing manufactured homes as a standalone dwelling category, manufactured home permits for vacant lots would be assessed the much higher single family detached fee.

(7:57pm) Prior to a motion being made, Chairwoman Cox allowed Clover School District, Superintendent Sheila Quinn to address Council and provide a response to questions that were asked by Council members at the last meeting.
