Case # 25-26

Tax Map # 262-00-00-024

Zoning Request: Rezone from AGC and RUD

Acres: 2.87

Council District: 3 - Adkins

Applicant: Jay Cleveland Wilson

Owner: Jay Cleveland Wilson

Location: 1723 Beamguard Road, Clover

Planning Commission Date: October 13, 2025

Staff Recommendation: Approve

PC Recommendation: Approve (4-1)

**Executive Summary:** The purpose of the request to rezone is to subdivide the property and place a manufactured home on the new lot. The request to rezone from AGC to RUD is not

consistent with the future land use designation of *Agriculture*. However, this property is currently non-conforming, as the lot size does not meet the 5-acre minimum required by the AGC district. Additionally, there are other properties along Beamguard Road that are currently zoned RUD, or are otherwise rural residential in character and scale, further supporting this request. A staff report and analysis with findings has been performed.

(6:31pm) Motion to approve.

**Executive Summary:** The purpose of the request is to allow a proposed upfit to the existing building, and a proposed field house expansion onto the vacant space behind the building. The intended use of the site is the operation of a *Health Club and Fitness Center* that provides professional sports-related science and medical educational services. While the requested zoning district does not align with York County’s York Forward 2035 Future Land Use Map and Comprehensive Plan, the intended use supports the future development of the surrounding area. **Public Hearing(s)**

1. COUNCIL TO HOLD A PUBLIC HEARING AND CONSIDER FIRST READING OF AN ORDINANCE TO AMEND CHAPTER 155: ZONING CODE, SUBCHAPTER D: *DEVELOPMENT AND DESIGN STANDARDS*, TO ELIMINATE THE MAXIMUM NUMBER OF SIGNS PER WALL, TO ADD AN ALTERNATIVE SIGN AREA ALLOWANCE, AND TO INCREASE THE MAXIMUM SIGN AREA ALLOWED PER WALL; TO PROVIDE FOR A PUBLIC HEARING; AND TO PROVIDE FOR OTHER MATTERS RELATING THERETO.

**Executive Summary:** The recommended amendment allows for a reasonable amount of signage that is in proportion to building length and size. The change adequately caps the maximum sign area that would apply to the largest of structures, preventing oversized signs. Allowing the maximum sign area to be divided among multiple signs gives businesses flexibility to allow for advertising products and services in appropriate locations and context.

(6:31pm) - Zoning Administrator, Rick Abboud, provided information regarding the amending of the zoning code pertaining to signage.

There being no one interested in speaking for or against the proposed ordinance, a motion was made to close the Public Hearing.

2. COUNCIL TO HOLD A PUBLIC HEARING AND CONSIDER FIRST READING OF ORDINANCE TO AMEND CHAPTER 155: ZONING CODE, SUBCHAPTER B: *ZONING DISTRICTS*, SUBPART 2.2: *BASE DISTRICT DIMENSIONAL STANDARDS*, TO INCREASE THE MAXIMUM HEIGHT IN THE GENERAL COMMERCIAL DISTRICT WHEN A SETBACK FROM RESIDENTIAL LOTS IS PROVIDED; TO AMEND SUBCHAPTER I: RULES OF INTERPRETATION AND MEASUREMENT, TO ADD CERTAIN ROOFTOP AMENITIES OR OCCUPIABLE ACCESSORY STRUCTURES AS EXCEPTIONS TO MAXIMUM HEIGHT; TO PROVIDE FOR A PUBLIC HEARING; AND TO PROVIDE FOR OTHER MATTERS RELATING THERETO.

**Executive Summary:** The proposed change will allow a maximum building height up to 60 feet to accommodate an additional story for hotels, offices, hospitals, or other such properties in the GC zoning district. An additional 200 setback should help to protect residential lots adjacent to such properties. The proposed change also exempts habitable rooftop amenities from the calculation for maximum building height, but includes limitations to the potential bulk of these features.

(6:38pm) Jonathan Buono, Planning Director, spoke regarding the amending of the building height requirement ordinance.

There being no one interested in speaking for or against the proposed ordinance, a motion was made to close the Public Hearing.

3. COUNCIL TO HOLD A PUBLIC HEARING AND CONSIDER AMENDING SECOND READING OF AN ORDINANCE REVIEWING AND UPDATING THE PUBLIC EDUCATION FACILITIES IMPACT FEE ("IMPACT FEE") IMPOSED ON ALL NEW RESIDENTIAL DEVELOPMENT IN THE CLOVER SCHOOL DISTRICT NO. 2 PURSUANT TO YORK COUNTY ORDINANCE NO. 3020; TO REVISE THE ESTABLISHED IMPACT FEE ON NEW RESIDENTIAL DEVELOPMENT FOR A SINGLE FAMILY DETACHED DWELLING UNIT TO \$15,035; TO REVISE THE ESTABLISHED IMPACT FEE FOR A MULTI-FAMILY DWELLING UNIT TO \$7,430; AND TO REVISE THE ESTABLISHED IMPACT FEE FOR A MANUFACTURED HOME UNIT TO \$9,842; TO AUTHORIZE A REVISED INTERGOVERNMENTAL AGREEMENT BETWEEN YORK COUNTY AND THE CLOVER SCHOOL DISTRICT NO. 2, DEFINING THE RESPECTIVE RIGHTS, RESPONSIBILITIES, AND OBLIGATIONS OF THE PARTIES REGARDING THE IMPACT FEE; TO PROVIDE FOR A PUBLIC HEARING; AND TO PROVIDE FOR OTHER MATTERS RELATED THERETO.

**Executive Summary:** The motion approved at First Reading revised the impact fees to \$7,000 for single family detached dwellings, with pro-rated amounts applied to multi-family dwellings (\$3,459), and manufactured homes (\$4,582). Second reading was deferred at the October 20 and November 3 meetings.

Based on the findings of the updated School Development Impact Fee Study and Capital Improvement Plan, dated August 4, 2025, prepared for the District and reviewed by the Planning Commission at its August 11, 2025 and September 8, 2025 meetings, by a vote of 5-1, the Planning Commission recommended revising the established impact fee on new residential development for a single family detached dwelling unit from \$4,000 to \$15,035, for a multi-family dwelling unit from \$1,976 to \$7,430, and for a manufactured home from \$2,618 to \$9,842.

If an increase to the existing fee is adopted, Planning & Development Services staff recommend the ordinance be amended to become effective on December 15, 2025, to allow a brief grace period for developers and builders working in the Clover School District Area to factor an increase into their project plans.

5. Grand trees – follow existing zoning code requirements for removing grand trees.

At second reading, the Applicants requested the below three additional amendments to

what was approved at first reading. If Council is amenable to the requests, the amendments would need to be captured in a motion to approve third reading.

A. There shall be a 0' subplot separation requirement, townhouse buildings shall have a minimum 20' building separation.

B. Guest parking requirement for townhomes may be satisfied by both distinguished on-street and off-street parking space.

C. The amenitized stormwater pond behind the anchor tenant shall be considered one of the four amenities in the commercial area. [*this modifies Planning Commission condition #1*].

(9:12pm) Motion to approve 3rd reading with the following amendments to the Newport Commons Planned Development code:

1. Minimum side setbacks between the townhome units and subplot lines shall be 0' and, instead, townhomes shall have a minimum of 20-foot building separation.

3. The amenitized stormwater pond behind the anchor tenant shall be considered one of the four amenities of Pod 1.
4. The perimeter bufferyard along the exterior boundary of Pod 2 shall be 50 feet in depth and include a 6-foot opaque element. Limits of disturbance during development may encroach up to 30 feet into the 50-foot bufferyard, but any encroachment must be replanted at a density of 16 trees and 48 shrubs per 100 linear feet, prior to the final plat approval.
