Case #	26-16
Tax Map #	138-00-00-006
Zoning Request:	Rezone from RUD to AGC
Acres:	73.73 acres
Council District:	3 - Adkins
Applicant:	Steven Moss
Owner:	Sherer Family LLC of the Carolinas
Location:	Lockart Road, Sharon
Planning Commission Date:	May 11, 2026
Staff Recommendation:	Approve
PC Recommendation:	Approve (6-0)

"York County is committed to assuring accessibility with reasonable accommodation, of county services, facilities, employment and programs for all individuals, in compliance with federal law. Please contact the County Manager's Office at 803-684-8511 if you need assistance."

Executive Summary: The purpose of the request is to preserve the allowed agricultural uses and restrict the property from subdividing into lots that are smaller than five acres. The request to rezone from RUD to AGC aligns with the future land use map designation of *Agriculture*. A staff report and analysis with findings has been performed.

4. Rezoning Action: Consider Second Reading

Case #	26-17
Tax Map #	739-00-00-011
Zoning Request:	Rezone from OI to NC
Acres:	3.01 acres
Council District:	7 - Cloninger
Applicant:	David Hudspeth
Owner:	Williams Road Holdings, LLC
Location:	1545 Williams Road, Fort Mill
Planning Commission Date:	May 11, 2026
Staff Recommendation:	Approve
PC Recommendation:	Approve (6-0)

Executive Summary: The purpose of the request is to develop one or two multi-tenant buildings. Future uses could include the existing property owner's office, small-scale medical offices, artisan studios, neighborhood scale retail, or other personal services. The request to rezone from OI to NC is consistent with the future land use map designation of *Single Family Residential*. Since the parcel is located adjacent to a parcel zoned GC, it meets the adjacency tenet of the *Single Family Residential* land use designation. The lesser intensive NC zone will limit the potential building footprint of a non-residential development to what is appropriate for an area with suburban residences nearby. A staff report and analysis with findings has been performed.

5. Rezoning Action: Consider Second Reading

Case #	26-18
Tax Map #	571-00-00-001
Zoning Request:	Rezone from RMX-10 to RUD
Acres:	33.95
Council District:	2 - Litten
Applicant:	James Britt and Amy D Springs
Owner:	WF Papke III Income/Expense LLC
Location:	5082 Windmill Lane, Clover
Planning Commission Date:	May 11, 2026
Staff Recommendation:	Approve
PC Recommendation:	Approve (6-0)

"York County is committed to assuring accessibility with reasonable accommodation, of county services, facilities, employment and programs for all individuals, in compliance with federal law. Please contact the County Manager's Office at 803-684-8511 if you need assistance."

Executive Summary: The purpose of the request is to construct a homestead and barn for livestock and general agricultural use. The request to rezone from RMX-10 to RUD does not align with the future land use map designation of *Single Family Residential*. However, the property abuts the *Rural Residential* future land use designation, as well as other RUD properties. Further, the current RMX-10 zone allows a housing density that is not appropriate for the area or expected within the FLU. A staff report and analysis with findings has been performed.
