Matters for consideration/actions following Executive Session

(9:52pm) Chairwoman Cox read the following statement coming out of Executive Session:

The reason this meeting was called tonight was to receive legal advice regarding the ruling issued by Judge McKinnon on July 21, 2026. We understand the Order that was issued is not a final Order. A Motion for Reconsideration was filed shortly before our meeting convened here tonight, and we have learned that the Judge has agreed to hear that motion on August 26, 2026.

We understand no manufacturing will be on the site prior to August 26th. Because the Order is not final and is subject to change, Council will consider next steps after it has the final Order.

Council member Tom Audette stated that the Council will continue to fight for the public on this issue.

Council member Roddey joined the meeting during Executive Session and left Executive Session prior to it ending, and Council member Debi Cloninger left the meeting during Executive Session.
